8th – Elsie Olivo
20th – Frances Formica

FEBRUARY EVENTS:

4th – Member Meeting
16th – Valentine's Brunch
28th – Board Meeting

HOLIDAY SOCIAL

The Club held its annual Holiday Social event on Saturday, December 14th in the remodeled banquet hall, now run by Trevi Catering. It was the first year that the Holiday Social was held there since the remodeling and changeover to Trevi. The atmosphere was festive, the hall was decorated tastefully for the Christmas season, and all who attended enjoyed the great spread of food that Trevi put together for the Club.

Entertainment was provided by the "Hit List" duo, and they did a fantastic job covering a wide variety of songs from Frank Sinatra to Michael Jackson, even getting some of the members up to dance. Salute to Vince Laurie and the entire Entertainment Committee for coordinating this event for the Club.

NEW OFFICERS, BOARD MEMBERS SWORN IN

Several changes in the leadership structure of the Club took effect with the January meeting. The Club has a new Vice President – Mario Caserta, who replaces Tony Galioto. We also have a new Recording Secretary, as Johnny DiFranco has replaced Randy Continenza. Please congratulate these gentlemen as they assume their new duties

NEW MEMBERS INDUCTED

The Club inducted three new members at the January meeting. Please welcome DeShane D'Amore – (sponsored by Gino Latessa), Alex Zinni (sponsored by Larry Koval), and Steven Crookall (sponsored by Joe Kleinhenz). The ages of these new members range from 28 to 36, so the Club is glad to add some younger blood to the crew. While five prospective members had originally applied, two had to drop out because of unexpected family matters.

Each of the applicants goes thru a screening process where they submit their applications and are initially interviewed by the Membership Committee. If the pass that first test, they are then screened by the Board, and then finally by the full Membership. The process begins each year in September, with Board approval at the November meeting, and Membership approval at the December meeting, culminating in inductions in January. The Board is discussing whether to open up membership year round or at a more frequent interval than annually. Stay tuned for an update later this year.

PRESIDENT'S CORNER

I have written at length about the significant upgrades we have made at our Banquet Hall, and for good reason – they were needed! However, with Trevi Catering now operating the facility, our attention must turn to our Club Room and Pavilion area, so that the same neglect doesn't occur. In a couple days, I will be sitting down with our Budget Committee, and surely some priorities include new flooring for our Club Room, a refreshing of paint and stain in our Pavilion, re-striping our parking lot, and addressing landscaping at our drainage ditch.
