 9th – Cookie LoSchiavo
 12th – Sue Iafelice

MAY EVENTS:

5th – Membership Meeting
 26th – Board Meeting
 TBD - Bocce

BOCCIE UPDATE

Due to the current events going on in our World today, and with Ohio in a “stay at home” order, all of our bocce leagues are postponed until further notice.

This is an unprecedented time for all of us, and our Club wishes nothing but safety and health to you and yours!

Hopefully our lives can resume to some sort of normalcy in the near future.

That being said, we ARE proceeding with planning of the 37th annual Cleveland Challenge Cup of Bocce.

Should the tournament take place, we trust you will notice several significant improvements, one of which is a change in our major sponsor. We hope to share this exciting announcement with you soon enough!

PRESIDENT'S CORNER

COVID-19. Wow, how quickly things can turn around in a month's time. I trust in the health professionals advise for social distancing efforts, but at the same time, it is hard for me to forget about our many businesses impacted by this outbreak, including the Club itself.

I've written many times about the efforts to find and secure a new caterer for our party center. Not only did we find a great partner, but it's a long time Club member as well! I can only imagine the stresses they are going through as weddings and other events get cancelled.

And our Club – the pavilion rentals being cancelled, our Scholarship Wine Tasting event was cancelled, and our summer events are being threatened. All of our capital improvement projects are on hold.

For our part, all we can do is try to minimize the impact this is having on us. As an example, we normally cater our Membership Meetings. In an effort to support Trevi and to continue providing meals for our members, we held a drive-by meeting last week. Instead of everyone gathering in our Club room, our members didn't have to leave their car. They pulled around to Trevi, were handed a packaged meal, and each of them spoke to me for a couple minutes about the current status of the Club.

I perceive this was well received, and we will be doing this event again next month!
